

2017 Master Gardener Class

presented by: **The Little River Basin Master Gardeners of Milam County**

The Master Gardener Program is an educational/volunteer program offered by Texas AgriLife Extension. The program is designed to increase the availability of horticultural information and improve the quality of life with horticultural projects throughout the county. Participants receive 50 hours of training in topics such as:

- lawn care
- trees and shrubs
- disease and weed management
- soils
- plant nutrition
- vegetable gardening
- herbs
- home fruit production
- water conservation
- Earth-Kind
- planting for wildlife
- water conservation & catchment

**It's Time
for the
Garden**

Upon successful completion of the training and volunteering for 50 hours, participants will become certified Texas Master Gardeners.
